

# FaithLink | *Together We Heal*

A Collaboration between NAMI Franklin County  
and Trinity Baptist Church

*FaithLink* is an opportunity for mental health professionals and faith leaders to work together toward an improved quality of care for individuals facing mental health challenges.

The *FaithLink* collaboration will:

- Facilitate access to mental health treatment;
- Raise awareness about the prevalence of mental illness and its impact; and,
- Reduce stigma associated with receiving mental health treatment.

Works of Faith Wellness and Consultation, LLC has been assigned to work with the Trinity Baptist Church congregation. They will work with members on an individual and confidential basis.

The therapist will provide their fee for services as well as their no-show and /or cancellation policy. In most cases, fees for service are covered by insurance.

Dorienna M. Alfred (she/her), Ph.D., PMH-C Owner/Psychologist
